

The second entrance exam in Drafting for applicants to the following programs:
B073 – Architecture,
B031 – Fashion, Design.

The applicant must have: pencils of hardness 2H, 3H, HB, B, and the following drafting tools: a ruler, set squares with angles of 30, 60, and 45 degrees, an eraser, a compass, and a measuring tool.

The purpose of the exam is to assess the applicant's ability for spatial imagination and basic drafting skills.

The exam lasts 3 hours. The task includes constructing a third view (left view) based on two given views, making the necessary sectional drawings, and adding dimensions. Additionally, the applicant must create a rectangular isometric projection with a cutout.

Passing scores: minimum – 5, maximum – 50.
